# A SPECIAL SALE OF LADIES' AND MISSES' SUITS

Beginning Friday, November 13th, 1908

**WE** HAVE just received news from our buyer in New York to the effect of a remarkable purchase of Ladies' and Misses' Suits. The long period of warm unseasonable weather checked business so violently that makers were glad of an opportunity to dispose of their stock at heavy losses. These suits are of the choicest materials and are made by expert tailors who put their best efforts to turn out the various models. Now, however, that November is here and cold weather will surely come there is not a garment in the collection of two hundred suits that the maker could not easily sell for fifty per cent more than we paid. We want every lady who has delayed buying her Fall suit to come as these values are unparalleled, they astounded us when we bought them and you will be equally astounded when you see them. Beautiful suits. Note the reductions.

## BISHOP MOORE

Will Lecture in Goff Methodist Church Here on Thanksgiving Night.

Thanksgiving night is when Bishop David Moore will lecture in the Goff Methodist church. In a previous announcement another date was given. Thanksgiving night will be Thursday.

November 26, and that is the day and date Bishop Moore will speak. An exchange says of his lecture: "Bishop Moore is a brilliant magnetic speaker, and in his lecture he displayed his powers of observation and a brilliant imagination, so that in his word pictures the audience was at times carried almost by storm."

George W. Bland is here from West Union on business for the South Penn Oil Company. Frank M. Sharpe, of Worthington, is a visitor here on business.

REVIEW REPORTER WAS EASY.

"Run over a cow this morning up above New Martinsville," said the Ohio River brakeman to a Review reporter. "How did it happen?" asked the reporter. "She was drinking out of a creek under a bridge near Proctor," shouted the brakeman as he swung on to the last car and went grinning out of town.—Sistersville Review.

## EDITORS' WORK

Is Deeply Appreciated by the Republican State Committee.

Secretary Virgil L. Highland of the Republican State Committee has issued the following announcement of the committee's appreciation of the service done by Republican newspapers in the recent campaign:

"On behalf of the State Committee I desire to thank you for the splendid service rendered by you in the campaign just closed and to assure you of the hearty appreciation by this committee of your good work. I do not think that we have had a campaign more ably conducted by the newspapers of the State for many years than we had this year, and the loyal support given the party, its platform and policies, as well as to this committee, contributed largely to the great victory we have just achieved, and the Republican newspapers of the State are entitled to most of the credit for the victory."

## MORRIS SUCCEEDS

With His Big Ditch in the State of Colorado After Muck Work.

Ernest D. Morris, of the city, who has spent four years in Colorado preparing 2,000 acres of land for fruit and other growing, has just completed the sale of all the stock of his company. The first was sold at \$20 a share but the last, consisting of one hundred and fifty shares, sold the other day at fifty dollars a share, which shows the regard in which it is held as an investment proposition.

It is the first water right in that section and the ditch is more than half completed, there being but five reservoirs yet to build and when the same are completed, Mr. Morris will have storage capacity enough for three years without replenishing. The Escalante river is restored to the surface by the irrigation process Mr. Morris is completing and his work there will result in the opening up of a fine section of the state.

A SECRET

FOR WOMEN

Madame Moneaux, deceased beauty specialist, of New York, long possessed the secret of all secrets pertaining to feminine charm. And what is this great secret so much desired by the madam's heirs, and that brought her all the famous actresses and society leaders for patrons?

It is a simple, but sure method of developing the bust, arms and neck of woman and circulation, are humiliated by undeveloped arms, neck and bust. Truly, deformed women are developed into charming and neck and full normal bust of exquisite curve and proportion. Get separately "two ounces glycerine," three ounces rose water" and one ounce tincture cadomene, pour into a five cents worth of borax. Take home, mix the glycerine with tincture cadomene, shake and let stand two hours; then add a teaspoonful of borax and the rose water. Shake well and apply to the neck, arms and bust, rubbing and massaging until completely absorbed; then wash thoroughly with hot water and soap and dry thoroughly. Apply morning and night regularly for several weeks and the most beautiful development will begin to reward the efforts. It is believed by experts to be the most necessary and effective prescription ever conceived.

## VINOL CURES CHRONIC COUGHS, COLDS AND BRONCHITIS

After Other Remedies Fail

"I have been troubled with a chronic cold and bronchitis for a long time and have tried many remedies without finding relief. Through the kind suggestion of a friend I tried Vinol, and after taking four bottles, am entirely cured." A. H. Wilde, 733-8th Avenue, Minneapolis, Minn.

S. McDonald, 147 W. Congress St. Paul, Minn., writes: "I contracted a severe cold last winter and though I would never get rid of it I tried Vinol as a last resort, and it has completely cured me."

Vinol combines two world-famous tonics, the healing, medicinal properties of cod liver oil and tonic from, deliciously palatable and agreeable to the weakest stomach. For this reason, Vinol is unexcelled as a strength-builder for old people, delicate children, weak and run-down persons, after sickness, and for Chronic Coughs, Colds and Bronchitis.
